## **Preface :**

- A barcode system can help to make everything easier for the E-commerce business. Hence, Mageants has developed Barcode Generator for Magento 2 extension that allows creating barcode for products and print labels. The extension is all you need to create the barcode labels and print them in PDF format for the store products. By doing so, get the advantages of a barcode system like Manage the barcode labels for products. Save time significantly! Only with the Barcode Generator for Magento 2!

## Backend example :

After Installation of Extension login to Magento admin panel to set configuration of the extension.

## Extension Configuration :

**Select Barcode Type :** here we have 12+ types of bar code. You can select anyone as your requirements.

**Barcode Prefix :** you can add you prexies here it will print with barcode number. (ex. 91000002)

**Product Attribute :** you can select product attribute for pdf. It will print that attribute along with barcode image.
